

Announcement of Full-Time Faculty Position

Faculty of Transdisciplinary Sciences (Computational Social Science),

Kanazawa University

1. Number of Positions:

One Professor (non-tenured), Associate Professor (non-tenured), lecturer (non-tenured) or Assistant Professor (non-tenured)

2. Affiliation: Faculty of Transdisciplinary Sciences for Innovation

3. Field of Specialization: Computational Social Science (including Mathematical Approach to Human Sciences and Social Psychology)

4. Duties and Responsibility: Education and research in computational social science, focusing on the analysis of vast data generated by humans and society, experiments and surveys using digital tools, and large-scale simulations of social phenomena to quantitatively study individuals, groups, society, and the economy.

(1) Class duties:

Undergraduate specialized education (College of Transdisciplinary Sciences for Innovation):

Subjects related to the above specialized fields such as "Data Driven Society and Industry", "Hokuriku Regional Revitalization and Sociology", "Consumer Behavior and Society", and other courses as required by College of Transdisciplinary Sciences for Innovation.

Notes: You may be required to provide teaching and supervision of research in graduate courses.

Some of the above subjects may need to be taught in English.

(2) Non-class duties:

Student guidance, students' recruitment, admissions, job guidance, social contribution, etc.

(3) Other necessary duties deemed by the head of the department.

5. Employment Status: The employment period is initially set for 5 years. Candidates may be eligible for conversion to tenured status based on their achievements within this term.

Re-appointment Performance Review Criteria

(1) Educational activities: such as lectures, practical training, seminars, research supervision, and student guidance

(2) Research activities: such as presentations of research papers and conferences

(3) Research funding and contributions to the university and society

For applicants currently employed at Kanazawa University, the combined duration of the current and any subsequent terms cannot exceed 10 years, which may result in a new employment

period of less than 5 years for the new term. Tenured faculty members at Kanazawa University who are hired will be considered as “transferred”, without a new fixed term.

6. Qualifications and Requirements: Applicants must meet all of the following requirements

- (1) The applicant must have a doctoral degree (including those who are expected to have a doctoral degree by the time of employment) or have educational and research capabilities equivalent to a doctoral degree.
- (2) The applicant must have outstanding research achievements both domestically and internationally in their respective field and be capable of engaging in education and research activities related to the specified field after joining the position. Additionally, they should demonstrate the ability to collaborate with faculty members for transdisciplinary education and research.
- (3) Any nationality is acceptable, but the applicant should be able to give classes and provide student guidance in Japanese (it is desirable that the applicant can give classes and provide student guidance in English as well).
- (4) The applicant must be able to live in Kanazawa or the surrounding area after being appointed.

7. Application deadline: Must arrive no later than Friday, March 29, 2024.

8. Scheduled date of hire: July 1, 2024.

9. Documents for submission:

- (1) Curriculum vitae (photo attached, postal code, current address, contact information, educational background from entering university, degrees, professional experience, academic society and activities, rewards and punishments in society)
- (2) List of education and research background (include the field of research, educational experiences and performance, and research papers) (Categorize Research papers such as books, academic papers (note: Write "refereed" for refereed papers), oral presentations, etc.)
- (3) Research activities, educational activities, academic and social activities (within 5 years)
- (4) External funding (Grant-in-Aid for Scientific Research (Kakenhi), commissioned research, joint research, donations, etc.)
- (5) Educational and research aspirations at College of Philosophy in Interdisciplinary Sciences (1,000 characters in Japanese on a sheet of A4 paper)
- (6) Past research and educational activities and their status (1,500 characters in Japanese on a sheet of A4 paper)
- (7) Reprints of major papers: Peer-reviewed papers (including research work deemed equivalent) or non-peer reviewed papers (including bulletins, etc.), up to five. (One copy for each paper. Each paper should be printed on A4 paper.)
- (8) The names and contact information of two referees (On a sheet of A4 paper).

Notes: For (1) through (5), please use the forms posted at the following URL; (6) through (8) can be submitted in any format. <https://innov.w3.kanazawa-u.ac.jp/koubo/> (Japanese only)

10. Selection Process: After the application screening, an interview and mock class in Japanese or English may be requested.

Note: Applicants are responsible for their own travel expenses in Japan and abroad, but please note that under some circumstances, the interview may be conducted online.

11. Document submission and inquiries: Please send the application documents by e-mail or post.

<Submission address>

General Affairs Division, Interdisciplinary Sciences Administration Department,
Kanazawa University
Kakuma-machi, Kanazawa, Ishikawa 920-1192, Japan
email: yugo-jobs@adm.kanazawa-u.ac.jp

Notes: Please write "Application for Full-Time Faculty Position of **Computational Social Science**" in red on the front of the envelope.
