

Announcement of Faculty Position

Faculty of Transdisciplinary Sciences for Innovation (Finance/FinTech), Kanazawa University

1. Number of Positions:

One position: Professor, Associate Professor, Lecturer or Assistant Professor

2. Affiliation: Faculty of Transdisciplinary Sciences for Innovation

3. Field: Finance/FinTech

4. Duties and Responsibilities: Our university develops human resources for social transformation by promoting transdisciplinary education and research integrating humanities, sciences, and medicine through the Faculty of Transdisciplinary Sciences for Innovation. To further strengthen this transdisciplinary education and research, we are recruiting a faculty member specializing in globalization or international outreach. Applicants are required to conduct education and research and education on the integration of the humanities, sciences, and medicine, including globalization, and to contribute to fostering talent for social transformation. Furthermore, applicants should have education/research achievements in the areas of finance and fintech.

(1) Class duties:

Undergraduate specialized education (College of Transdisciplinary Sciences for Innovation), Graduate specialized education (Division of Convergence Science, Graduate School of Frontier Science Initiative):

Courses related to the above field, as well as courses required in the College of Transdisciplinary Sciences for Innovation and Division of Convergence Science, Graduate School of Frontier Science Initiative curriculum. Our university provides transdisciplinary education integrating humanities, sciences, and medicine and convergent knowledge within the College of Transdisciplinary Sciences for Innovation and Division of Convergence Science, Graduate School of Frontier Science Initiative, and applicants will be responsible for teaching courses that contribute to transdisciplinary education integrating the humanities, sciences, and medicine, and to the fostering of talent for social transformation. For example, courses related to the above field, such as "Introduction to Finance," "Introduction to FinTech and Advanced Business," and "ESG Investment," as well as other courses required by the college and division. The specific courses to be assigned will be decided in consultation with the applicant, taking into consideration their preferences and background.

Notes: Some of the courses listed above may need to be taught in Japanese.

(2) Non-class duties:

Support and promotion for study abroad, student guidance and consultation, supervising research, students' recruitment, admissions, job guidance, social contribution, etc.

(3) Other necessary duties deemed by the head of the department.

5. Employment Status: The employment period is set for 5 years. Candidates may be eligible

for conversion to tenured status until the mandatory retirement age at the end of the fixed term if they meet the prescribed requirements through a reappointment review, based on their achievements during this period.

Re-appointment Performance Review Criteria

- (1) Educational activities: such as lectures, practical training, seminars, research supervision, and student guidance
- (2) Research activities: such as presentations of research papers and conferences
- (3) Research funding and contributions to the university and society

For applicants currently employed at Kanazawa University, the combined duration of the current and any subsequent terms cannot exceed 10 years, which may result in a new employment period of less than 5 years for the new term. Tenured faculty members at Kanazawa University who are hired will be considered as "transferred", without a new fixed term.

6. Qualifications and Requirements: Applicants must meet all of the following requirements

- (1) The applicant must have a doctoral degree (including those who are expected to have a doctoral degree by the time of employment) or have educational and research capabilities equivalent to a doctoral degree.
- (2) The applicant must have outstanding research achievements both domestically and internationally in their respective field and be capable of engaging in education and research activities related to the specified field after joining the position. Additionally, they should demonstrate the ability to collaborate with faculty members for developing human resources for social transformation by promoting transdisciplinary education and research integrating humanities, sciences, and medicine.
- (3) Any nationality is acceptable. It is expected that applicant possesses the ability to teach and supervise students in both English and Japanese, and to carry out university service (administrative duties) in Japanese.
- (4) The applicant must be able to live in Kanazawa or the surrounding area after being appointed.

7. Application deadline: Must arrive no later than Tuesday, December 9, 2025.

8. Scheduled date of hire: April 1, 2026.

9. Documents for submission:

- (1) Curriculum vitae (photo attached, postal code, current address, contact information, educational background from entering university, degrees, professional experience, academic society and activities, rewards and punishments in society)
- (2) List of education and research background (include the field of research, educational experiences and performance, and research papers) (Categorize Research papers such as books, academic papers, oral presentations, etc. In the list of academic papers, please indicate the Journal Citation Reports (JCR) values published by Clarivate (Journal Impact Factor) and whether the work was peer-reviewed.)
- (3) Research activities, educational activities, academic and social activities (within 5 years)

- (4) External funding (Grant-in-Aid for Scientific Research (Kakenhi), commissioned research, joint research, donations, etc. For each item, please specify whether you served as the principal investigator, co-investigator, or in another role.)
- (5) Educational and research aspirations at College of Philosophy in Interdisciplinary Sciences (On a sheet of A4 paper)
- (6) Activities and professional career of the practical and/or overseas experience
- (7) Past research and educational activities and their status (On a sheet of A4 paper)
- (8) Reprints of major papers: (Up to five papers, one copy for each paper, photocopies accepted, A4 size)
- (9) The names and contact information of two referees (On a sheet of A4 paper).

Notes: For (1) through (5), please use the forms posted at the following URL; (6) through (9) can be submitted in any format. <https://innov.w3.kanazawa-u.ac.jp/koubo/> (Japanese only)

10. Selection Process: After the application screening, an interview and mock class in Japanese or English may be requested.

Note: Applicants are responsible for their own travel expenses in Japan and abroad, but please note that under some circumstances, the interview may be conducted online.
